

### NOTICE OF REVIEW OF POLLING DISTRICTS AND POLLING PLACES

In accordance with The Electoral Registration and Administration Act 2013, the City of Edinburgh Council is conducting a review of polling districts and polling places.

The review is intended to take account of experience and feedback from recent elections and any recent changes in circumstances. Polling places must be well located and accessible to all electors, including those with a disability, so far as practicable.

Representations on the proposals are invited from elected representatives, political parties, electors within the City of Edinburgh Council area and persons or organisations with particular expertise in respect of access to premises for people with different forms of disability. Those making submissions are welcome to propose alternative venues for polling if they have concerns about current and proposed provision.

Representations should be made in writing (by [e-mail](#)) to the address below or by submitting comments on the [Council's Consultation Hub](#). The deadline for receipt of representations is **Monday 10 August 2020**. Any representations received will be posted on the City of Edinburgh Council website and available for public inspection. After this deadline, and consideration of all representations received, a report containing the final proposals for polling districts and polling places will be submitted for consideration at a meeting of the City of Edinburgh Council.
