

WAVEGARDEN BRIDGE AND CYCLE LINK PRE-APPLICATION ENGAGEMENT

ACTIVE TRAVEL LINKS

Access by cycle to the EICA from Princes Street (circa 10 miles) using National Cycle Network (NCR 754) will take around 50 minutes, or from Livingston to the west in approximately 30 minutes.

To access the EICA at the present time, cyclists need to dismount and carry their bikes via a set of steps some 6m above the canal tow path.

City of Edinburgh Council intends to submit a planning application for a proposed new crossing of the Union Canal, together with a shared cycle/ pedestrian link to NCR 754.
